

I. 🌟 MEANING AND NATURE OF PHILOSOPHY

Ano ang Philosophy?

Ang Philosophy / Pilosopiya ay isang masusing paraan ng pagtatanong, pagsusuri, at pag-iisip tungkol sa pinakamahalagang bagay sa buhay at realidad.

Ang salitang philosophy ay galing sa Greek:

Philos = love

Sophia = wisdom

🔑 KEYWORD:

Philosophy = Love of Wisdom / Pagmamahal sa Karunungan

Hindi lamang ito basta pagkuha ng impormasyon. Ang philosophy ay tungkol sa:

- paghahanap ng katotohanan
- pag-unawa sa reality
- pagsusuri ng mga paniniwala
- pagtatanong tungkol sa buhay
- paggamit ng reason
- pagbuo ng matibay at makatuwirang argumento
- pag-uugnay ng kaalaman, moralidad, at buhay

Simple explanation:

Kapag tinanong mo:

"Ano ang tunay na kahulugan ng buhay?"

"Paano natin malalaman kung totoo ang isang bagay?"

"Ano ang tama at mali?"

"Ano ang realidad?"

"Ano ang ibig sabihin ng pagiging mabuting tao?"

—philosophical questions ang mga ito.

II. 🧠 PHILOSOPHY AS A WAY OF THINKING

Ang philosophy ay hindi lang subject sa school. Isa rin itong paraan ng pamumuhay at pag-iisip.

Philosophy teaches us to:

1. Question – magtanong
2. Analyze – magsuri
3. Reason – gumamit ng lohika
4. Reflect – magmuni-muni
5. Understand – umunawa
6. Seek truth – maghanap ng katotohanan
7. Apply knowledge – gamitin ang kaalaman sa buhay

🔑 KEY IDEA:

Philosophy = Critical thinking + Search for truth + Wisdom

III. 👤 MGA PAGLALARAWAN NG PHILOSOPHY

Mahalagang tandaan ang mga philosopher/scholar at ang kanilang pangunahing description.

1. Paul Ricoeur

Idea:

Ang philosophy ay maaaring maintindihan bilang isang mapagmahal na paghahanap upang malaman at mamuhay ayon sa katotohanan.

🔑 KEYWORDS:

Love – Truth – Life

Easy explanation:

Hindi sapat na malaman lamang ang katotohanan. Dapat din itong isabuhay.

2. Emmanuel Levinas

Idea:

Ang philosophy ay maaaring maging wisdom of love, kung saan ang wisdom ay inilalagay sa serbisyo ng love at responsibility.

🔑 KEYWORDS:

Wisdom + Love + Responsibility

Easy explanation:

Ang tunay na kaalaman ay hindi lang para maging matalino. Dapat gamitin ito upang maging responsible sa ibang tao.

3. Norman Wirzba

Idea:

Ang appropriate forms of love ay mahalaga dahil ang love ang tumutulong sa atin na makita at maunawaan ang mundo.

🔑 KEYWORD:

Love → Understanding

Easy explanation:

Kapag may malasakit tayo, mas naiintindihan natin ang mga tao at mundo sa paligid natin.

4. Louis Pojman

Idea:

Ang philosophy ay isang quest for truth na nag-aaral sa pinakamahahalagang tanong tungkol sa existence.

🔑 KEYWORDS:

Truth – Existence – Important Questions

Easy explanation:

Tinatanong ng philosophy ang mga bagay na pinakamahahalaga sa buhay.

5. Will Durant

Idea:

Ang philosophy ay nasa front line ng paghahanap ng wisdom/truth ng humanity.

🔑 KEYWORDS:

Humanity – Wisdom – Truth

6. Alistair Sinclair

Idea:

Ang philosophy ay isang advanced form ng thinking na nagpapakita ng kakayahan ng tao na mag-isip nang abstract.

🔑 KEYWORDS:

Thinking – Abstract Thinking

Ano ang abstract thinking?

Pag-iisip tungkol sa mga konseptong hindi mo basta nahahawakan, tulad ng:

- justice
- truth
- freedom
- goodness
- existence

7. Robert Solomon

Idea:

Sinusubukan ng philosophy na maunawaan:

Sino ang tao?

Ano ang iniisip ng tao tungkol sa sarili niya?

at kung paano ito konektado sa kanilang concrete situations.

🔑 KEYWORDS:

Human beings – Self – Situation

8. John Hospers

Idea:

Ang philosophy ay pag-aaral ng reality gamit ang mga pangunahing konsepto.

🔑 KEYWORDS:

Reality – Fundamental Concepts

IV. ? PHILOSOPHICAL QUESTIONS

Ano ang philosophical question?

Ito ay tanong tungkol sa underlying principles, meanings, o assumptions ng isang bagay.

Difference:

Factual Question:

May definite/fixed answer.

"Anong taon ipinanganak si Aristotle?"

Philosophical Question:

Karaniwang bukas sa maraming defensible answers.

"Ano ang magandang buhay?"

"Ano ang justice?"

"May free will ba ang tao?"

Important:

Hindi ibig sabihin na dahil maraming sagot ay lahat ng sagot ay tama.

Ang philosophical answer ay dapat:

- logical
- coherent
- relevant
- supported by reasons

🔑 KEY FORMULA:

Good philosophical answer = Logic + Coherence + Relevance + Reasons

V. 📖 MAJOR DIVISIONS OF PHILOSOPHY

Ito ang very important for memorization.

Branch	Ano ang pinag-aaralan?	Easy Question
Metaphysics	Reality, existence, space, time, mind, freedom	Ano ang realidad?
Epistemology	Knowledge, sources, limits, certainty	Paano natin nalalaman?
Logic	Correct reasoning and arguments	Tama ba ang pangangatwiran?
Ethics	Right/wrong actions, morality, obligation	Ano ang tama?
Aesthetics	Beauty, art, taste, artistic judgment	Ano ang maganda?
Axiology	Values and value judgments	Ano ang mahalaga?
Theology	God, divine, justification of divine claims	May Diyos ba? Ano ang tungkol sa Diyos?
Cosmology	Origin, universe, development of universe	Paano nagsimula ang universe?

🧠 MEMORY TRICK:

M-E-L-E-A-A-T-C

- Metaphysics = Reality
- Epistemology = Knowledge
- Logic = Reasoning
- Ethics = Right/Wrong
- Aesthetics = Beauty
- Axiology = Values
- Theology = God
- Cosmology = Universe

1. METAPHYSICS

Tanong:

"Ano ang reality?"

Pinag-aaralan nito ang reality, existence, being, mind, freedom, time, space, at iba pa.

Keyword: 🧠 REALITY

Example:

Totoo ba ang free will?

2. EPISTEMOLOGY

Tanong:

"Paano natin nalalaman na alam natin?"

Pag-aaral ng:

- knowledge
- sources of knowledge
- limits of knowledge
- certainty

Keyword: 📖 KNOWLEDGE

Example:

Paano ko malalaman na totoo ang isang bagay?

3. LOGIC

Tanong:

"Tama ba ang reasoning?"

Pag-aaral ng rules ng correct reasoning, validity, soundness, consistency, at fallacies.

Keyword: 🧩 REASONING

Example:

Valid ba ang argument na ito?

4. ETHICS

Tanong:

"Ano ang tama at mali?"

Pag-aaral ng:

- right and wrong
- moral actions
- obligations
- good

Keyword: ⚖️ RIGHT & WRONG

5. AESTHETICS

Tanong:

"Ano ang beauty at art?"

Pag-aaral ng:

- beauty
- art
- taste
- aesthetic judgment

Keyword: 🎨 BEAUTY / ART

6. AXIOLOGY

Tanong:

"Ano ang valuable o mahalaga?"

Ito ang study of values.

Keyword: 💎 VALUES

7. THEODICY

Tanong:

"Paano mauunawaan ang God at evil?"

Nakatuon sa:

- God
- evil
- divine goodness
- justification of divine goodness

Keyword: ✝️ GOD + EVIL

8. COSMOLOGY

Tanong:

"Saan nanggaling at paano nabuo ang universe?"

Pag-aaral ng:

- origin of universe
- order of universe
- development of universe

Keyword: 🌌 UNIVERSE

VI. 🌐 ASIAN PHILOSOPHICAL TRADITIONS

Ayon sa handout, ang Chinese philosophical tradition ay umunlad kasama ng social, political, at religious institutions.

Five Classics

- Book of Changes
- Book of History
- Book of Poetry
- Record of Rites
- Spring and Autumn Annals

Four Books

- Analects
- Doctrine of the Mean
- Great Learning
- Mencius

VII. 🇨🇳 CONFUCIUS

Confucius

Si Confucius ay nagbigay-diin sa:

- moral cultivation
- duties
- social harmony
- proper conduct
- education
- responsible leadership

Simple explanation:

Para kay Confucius, dapat linangin ng tao ang kanyang character upang maging mabuting miyembro ng society.

Keywords:

DUTY – VIRTUE – SOCIAL HARMONY – EDUCATION

VIII. 🇨🇳 MENCIUS

Mencius

Si Mencius ay:

- nag-expand sa teachings ni Confucius
- nag-develop ng moral at political implications ng human cultivation

Keyword:

MORAL CULTIVATION

IX. 🌀 LAO-TZU

Lao-Tzu

Associated with Taoist philosophy.

Important ideas:

- Tao
- natural harmony
- simplicity
- balance
- living without unnecessary force

Simple:

Mas mabuting mamuhay nang ayon sa natural na daloy ng buhay kaysa piliting kontrolin ang lahat.

Keywords:

TAO – HARMONY – BALANCE – SIMPLICITY

X. 🇮🇳 INDIAN / HINDU PHILOSOPHY

Ang Indian/Hindu philosophy ay may roots sa Vedas at philosophical materials tulad ng:

- Aranyakas
- Upanishads

Important concepts:

Brahman

→ ultimate reality

Atman

→ self / soul

Maya

→ appearance/illusion na nagtatago sa unity ng reality

Karma

→ consequences ng actions

Yoga

→ discipline/practice

Reincarnation

→ muling pagsilang

Liberation from bondage

→ pagkamit ng liberation

★ Easy memory:

Brahman = Ultimate Reality

Atman = Self

Maya = Appearance/Illusion

Karma = Consequences

Yoga = Discipline

Reincarnation = Rebirth

XI. 🌐 ASIAN VS. WESTERN APPROACH

Ayon sa handout, may tendency sa ilang Asian traditions na bigyang-diin ang unity, samantalang ang Western philosophy ay madalas gumamit ng distinction tulad ng:

Subject vs. Object

Subject

Ang knower/observer.

Object

Ang bagay na pinag-aaralan o inoobserbahan.

Key idea:

Ang ilang Asian traditions ay mas nakatuon sa integration/unity, habang maraming Western approaches ay gumagamit ng distinctions at analysis.

XII. 🇬🇷 WESTERN PHILOSOPHY: HISTORICAL DEVELOPMENT

A. EARLY GREEK / PRE-SOCRATIC PHILOSOPHY

Nagsimula ang Western philosophy sa mga Greek thinkers, lalo na sa Ionia, around the 6th century BCE.

Ang early philosophers ay naghanap ng basic principle/origin of reality.

Important shift:

Myth → Reason

Ibig sabihin, unti-unting lumipat mula sa mythological explanations tungo sa rational explanations.

XIII. 🧑 PRE-SOCRATIC PHILOSOPHERS

1. THALES

Nagtanong:

Ano ang fundamental substance ng cosmos?

Para kay Thales, ang underlying principle ay:

💧 WATER

Keyword: Water

2. ANAXIMANDER

Nag-propose ng indefinite origin principle na tinatawag na:

Apeiron

Ito ang indefinite/boundless principle kung saan nagmula ang determinate things.

Keyword: Apeiron

3. ANAXIMENES

Inugnay ang basic principle sa:

AIR

Ipinaliwanag ang processes tulad ng:

- rarefaction
- condensation

Keyword: 🌬️ Air

4. HERACLITUS

Binigyang-diin ang:

CHANGE

At ang:

Logos

Ang reality ay may change, tension, at ordering principle.

Keyword: 🔥 Change

Easy memory:

Heraclitus = Everything changes

5. PARMENIDES

Binigyang-diin ang:

Permanence and unity of Being

Kinuwestiyon niya ang reliability ng senses.

Keyword: Being / Permanence

Tandaan:

Heraclitus → Change

Parmenides → Permanence

6. ZENO OF ELEA

Gumawa ng paradoxes upang ipagtanggol ang ideas ni Parmenides.

Keyword: Paradoxes

7. PROTAGORAS

Isang leading Sophist.

Inilipat ang focus mula sa cosmos patungo sa:

- human judgment
- language
- culture
- persuasion

Keyword: 🧑 Human-centered

8. EMPEDOCLES

Ipinaliwanag ang change sa pamamagitan ng combinations ng basic elements.

Four elements:

- Earth
- Water
- Air
- Fire

At opposing forces.

Keyword: Four Elements

9. ANAXAGORAS

Nag-propose ng ordering mind/principle at plurality ng basic constituents.

Keyword: Mind / Nous

10. DEMOCRITUS

Nag-develop ng atomistic account.

Reality consists of:

Atoms + Void

Keyword: ⚗️ Atoms

XIV. 🏛️ SOCRATES, PLATO, ARISTOTLE

SOCRATES

Si Socrates ay nag-focus sa:

- examined life
- virtue
- knowledge
- moral conduct
- disciplined dialogue

Famous idea:

"The examined life."

Socratic humility:

Recognizing the limits of one's knowledge.

Keyword:

🧠 EXAMINED LIFE

Simple:

Patuloy na tanungin ang sarili:

"Bakit ko ito pinaniniwalaan?"

"Tama ba ang ginagawa ko?"

"Ano ang alam ko talaga?"

XV. PLATO

Si Plato ay gumawa ng distinction between:

Sensible World

→ changing world na nakikita natin

Intelligible World / Realm of Forms

→ unchanging Forms/realities

Para kay Plato, ang knowledge ay tungkol sa reality, habang ang opinion ay tungkol sa appearances.

Keywords:

Forms – Reality – Knowledge

Easy:

Plato = Forms

XVI. ARISTOTLE

Si Aristotle ay:

- naghanap ng form and essence sa concrete things
- nagbigay-diin sa observation
- demonstration
- causes
- rational analysis

Nag-develop din siya ng broad systems tungkol sa:

- metaphysics
- ethics
- politics
- natural inquiry

Keywords:

Form + Essence + Causes

Easy:

Aristotle = study of things as they actually exist + causes

XVII. 🏛️ HELLENISTIC SCHOOLS

1. ZENO OF CITIUM

Founder ng Stoicism.

Stoicism emphasizes:

- reason
- virtue
- self-mastery
- accepting what is beyond one's control

Keyword:

CONTROL WHAT YOU CAN

2. CLEANTHES

Early Stoic leader.

Ipinagpatuloy ang Stoic teaching tungkol sa:

- nature
- reason

Keyword: Nature + Reason

3. CHRYSIPPUS

Nag-systematize ng:

- Stoic logic
- Stoic ethics

At naging isa sa important intellectual architects ng Stoicism.

Keyword: Stoic Logic

4. EPICURUS

Para kay Epicurus, ang happiness ay may kinalaman sa freedom from:

- disturbance
- unnecessary fear

Ang highest pleasure ay simple, prudent, at intelligent living, hindi uncontrolled indulgence.

Keyword:

Simple Happiness

Important:

Epicureanism ≠ "party all the time."

Mas malapit ito sa:

peace + moderation + freedom from unnecessary fear

5. CARNEADES

Leader ng New Academy.

Ipinagtanggol ang skeptical approach na:

maaaring magkaroon ng well-supported judgment kahit walang absolute certainty.

Keyword: Skepticism

6. PLOTINUS

Central figure ng Neoplatonism.

Tiningnan ang reality bilang organized emanation mula sa:

The One

At may spiritual ascent.

Keyword: The One

7. PROCULUS

Nagbigay ng elaborate synthesis ng:

- Platonic
- Aristotelian
- religious
- metaphysical traditions

Keyword: Synthesis

XVIII. 🕌 MEDIEVAL PHILOSOPHY

Ang Medieval philosophers ay nag-examine ng relationship ng:

- faith
- reason
- existence/nature of God
- universals
- morality
- rational defense of religious belief

Main question:

Paano pagsasamahin ang Faith at Reason?

XIX. ST. AUGUSTINE

Si Augustine ay nag-combine ng:

Christianity + Platonic themes

Para sa kanya:

Faith seeks understanding

At ang inward reflection ay nagdidirekta sa mind toward:

- truth
- God

Keyword:

Faith + Understanding

XX. ANSELM OF CANTERBURY

Nag-develop ng idea ng:

Faith seeking understanding

At iniugnay ang faith sa rational argument tungkol sa God's existence.

Keyword:

Faith Seeking Understanding

XXI. THOMAS AQUINAS

Synthesize niya ang:

Aristotelian philosophy + Christian theology

Tinatawag na Five Ways ang rational approaches niya sa God's existence.

Sa ethics, iniugnay niya ang:

- virtue
- natural law
- human fulfillment

Keywords:

Aristotle + Christianity + Natural Law

XXII. WILLIAM OF OCKHAM

Associated with:

- nominalism
- logical analysis
- principle na hindi dapat mag-multiply ng entities nang unnecessary

Ito ay karaniwang tinatawag na:

Ockham's Razor

Easy:

"Huwag magdagdag ng unnecessary assumptions."

Keyword: ✂ Ockham's Razor

XXIII. ETIENNE GILSON

Tiningnan ang medieval synthesis bilang:

distinctly Christian philosophy

at hindi lamang transitional period.

Keyword: Christian Philosophy

XXIV. 🧠 MODERN PHILOSOPHY

1. RENÉ DESCARTES

Ginawang starting point ng certainty ang:

Methodic Doubt

Nag-doubt siya sa maraming bagay upang hanapin ang bagay na siguradong hindi maaaring pagdudahan.

Famous idea:

Cogito – "I think, therefore I am."

Also:

- Rationalism
- Mind-body dualism

Keywords:

Doubt – Cogito – Rationalism – Dualism

Easy:

Kung nag-iisip ako, ibig sabihin may "ako" na nag-iisip.

2. GOTTFRIED WILHELM LEIBNIZ

Rationalist na nag-defend ng:

- innate principles
- sufficient reason
- metaphysical system of monads

Keyword:

Monads

3. BARUCH SPINOZA

Rationalist na:

- nag-develop ng idea ng single infinite substance
- iniugnay ang freedom sa adequate understanding

Keyword:

One Substance

4. JOHN LOCKE

Empiricist.

Naniniwala na ang knowledge ay connected sa:

Experience

At inugnay ang personal identity sa:

Consciousness + Memory

Keyword:

👁 Experience

5. GEORGE BERKELEY

Idealist.

Argued that sensible objects depend on:

Perception

At ang reality ay fundamentally:

mental/spiritual

Keyword:

Perception

6. DAVID HUME

Empiricist at skeptic.

Sinuri ang limits ng:

- causation
- induction
- selfhood
- rational certainty

Keyword:

Skepticism

Easy:

Tinanong niya:

"Paano natin nasasabing siguradong may cause ang isang event?"

7. IMMANUEL KANT

Isa sa pinakamahalagang modern philosophers.

Para kay Kant, ang knowledge ay nangangailangan ng:

Sensory intuition + conceptual understanding

Ang mind ay may forms/categories na tumutulong sa pag-organize ng experience.

Ito ay tinatawag na malaking shift:

Copernican Revolution in Philosophy

Keyword:

Mind organizes experience

XXV. 🔍 ANALYTIC AND CONTINENTAL TRADITIONS

Pagkatapos ni Kant, nagkaroon ng intellectual division na madalas tawaging:

Analytic–Continental split

ANALYTIC PHILOSOPHY

Karaniwang binibigyang-diin:

- clarity
- logic
- propositions
- language
- conceptual analysis

Keyword:

CLARITY + LOGIC + LANGUAGE

CONTINENTAL PHILOSOPHY

Kasama ang traditions gaya ng:

- phenomenology
- existentialism
- hermeneutics
- structuralism
- post-structuralism
- critical theory
- postmodernism

Keyword:

EXPERIENCE + EXISTENCE + INTERPRETATION

XXVI. BERTRAND RUSSELL

Advanced:

- logic
- analytic philosophy
- mathematics
- description
- language

Nag-develop ng theory of descriptions, kasama ang grammatical forms.

Keyword:

Logic

XXVII. LUDWIG WITTGENSTEIN

Malaking influence sa:

- logical atomism
- ordinary-language philosophy

Tiningnan kung paano ang meaning ay connected sa language at use.

Keyword:

Language + Meaning

XXVIII. J. L. AUSTIN

Nag-develop ng:

Ordinary-language analysis

At nagbigay-diin na ang:

speaking can itself be a form of action.

Keyword:

🗣️ Speech Acts

Example:

Kapag sinabi mong:

"I promise."

Hindi lang ito statement—gumagawa ka rin ng action: nangangako.

XXIX. GILBERT RYLE

Gumamit ng conceptual analysis upang hamunin ang:
misleading pictures of mind and language.

Keyword:

Conceptual Analysis

XXX. GOTTLOB FREGE

Mahalaga sa development ng modern:

- logic
- analytic philosophy

Nag-influence din sa analytical approach sa:

- language
- meaning
- reference

Keyword:

Meaning + Reference + Logic

XXXI. EDMUND HUSSERL

Founder/developer ng:

Phenomenology

Tinawag niya itong:

"Back to the things themselves."

Layunin:

Suriing mabuti ang experience/consciousness bago mag-assume ng conclusions.

Keyword:

👁 Phenomenology

XXXII. MARTIN HEIDEGGER

Ginawang central question ang:

Being

Distinguished:

- Being itself
- beings/entities

Sinuri ang human existence gamit ang:

- temporality
- worldhood
- lived experience

Keyword:

Being

Important figure sa:

Existentialism

Central idea:

Existence precedes essence

Meaning:

Ang tao ay hindi kinakailangang may fixed purpose/essence na predetermined; ang tao ay lumilikha ng sarili niyang identity sa pamamagitan ng:

- choices
- actions
- responsibility

Keyword:

Freedom + Choice + Responsibility

XXXIV. SIMON CRITCHLEY

Inilarawan ang divergence ng:

Analytic vs. Continental traditions

At kinilala ang importance ni Kant bilang figure na mahalaga sa parehong intellectual lineages.

Keyword:

Analytic–Continental Split

XXXV. AARON PRESTON

Inilarawan ang historical development ng analytic philosophy mula:

- Moore
- Russell
- logical positivism
- ordinary language
- later developments

Keyword:

Development of Analytic Philosophy

XXXVI. CHRISTIAN WILDBERG

Inilarawan ang Neoplatonism bilang malaking synthesis ng:

- Greek philosophy
- literature
- myth
- ethics
- religious practice

Keyword:

Neoplatonism = Synthesis

XXXVII. 📖 POSTMODERN THOUGHT

Ang postmodern thought ay nagtatanong tungkol sa:

- universal reason
- situated subjects
- interpretations
- totalizing narratives

Key ideas:

Situated subjects

→ Ang perspective ng tao ay maaaring maimpluwensiyahan ng kanyang context/situation.

Interpretations

→ Maaaring maraming paraan ng pag-unawa sa isang bagay.

Totalizing narratives

→ Mga grand explanations na nagsasabing mayroon silang universal explanation para sa lahat.

Important:

Historical survey shows philosophy as a tradition that:

inherits earlier questions → critiques them → changes them → creates new methods.

Keyword:

Question – Critique – Change – Create

XXXVIII. 🧭 RELEVANCE OF PHILOSOPHY

Bakit mahalaga ang philosophy?

1. Cultivates wonder

Nagtuturo itong magtanong at magkaroon ng Socratic humility.

Keyword: Wonder

2. Develops logic and objectivity

Tinutulungan tayo nitong maging:

- logical
- objective
- fair-minded

Keyword: Logic

3. Improves clarity

Tinutulungan tayong maging malinaw sa:

- claims
- reasons
- justification

Keyword: Clarity

4. Challenges dogmatism

Hinahamon nito ang:

- dogmatism
- unexamined assumptions

Dogmatism

Paniniwala na:

"Tama ako at hindi na kailangan pang suriin."

Keyword: Question assumptions

5. Encourages openness

Tinuturuan tayong maging bukas sa:

- complexity
- multiple perspectives

Keyword: Open-mindedness

6. Tests personal beliefs

Sinusuri ang personal beliefs gamit ang:

- truth
- meaning
- consequences

Keyword: Examine beliefs

7. Supports intellectual independence

Nakakatulong sa:

- foresight
- integrity
- responsibility

Keyword: Independent thinking

8. Uses thought experiments

Gumagamit ng thought experiments upang suriin ang philosophical possibilities kahit walang physical experiment.

Keyword:  Thought Experiment
